Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Saturday 11 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A day of sunny spells and isolated showers.

Today:
After a cloudy start for many and damp for some, sunny spells will become more frequent through the afternoon. There is the risk of isolated showers throughout the day, especially during the afternoon. Maximum temperature 19 deg C (66 deg F).

Tonight:
Mostly dry with a few residual showers hanging around. There will be plenty of clear spells through the evening before cloud gradually thickens overnight. Minimum temperature 10 deg C (50 deg F).

Sunday:
A mostly dry day with occasional sunny spells and isolated afternoon showers. Some persistent rain will then move in overnight for the south of the region. Maximum temperature 20 deg C (68 deg F).

Outlook for Monday to Wednesday:
Turning breezier on Monday with persistent rain arriving from the south for many. Sunshine and showers on Tuesday and Wednesday with these showers potentially heavy at times.
